## NA Basic Text

*Reflections* PG 231 Chapter 1  
"When I came to my first N.A. meeting at the age of 52 I heard a woman say, "If there is anybody here for their first time, please come to the front of the room and get a white key tag". All sixty people turned around and looked at me. I went to the front of the room, not knowing I was about to have the first physical contact with another human being in over 4 years. The wonderful woman who gave me the tag held me in her arms as if she were holding one of her own children and whispered in my ear, "YOU NEVER HAVE TO USE AGAIN" She gave me something I haven't had for years HOPE. Date Submitted: June 7, 2025

Date Voted On:

**Motion:** Change the Manhattan Area website domain from **manhattan-na.org** to **mascna.org**. The proposed new domain name is shorter, easier to remember, better reflects our identity, and improves accessibility and search visibility. The current domain name is problematic because the dash or hyphen ("-") leads to user error (people forget it, it's hard to dictate, and it can cause delivery issues in email addresses), dashes in domain names are often associated with spam or lower-quality sites, and it's too long. A clean, short, dash-free domain looks more professional. We recommend making this change before upgrading our hosting plan to include email addresses because the email addresses will be based on the domain (for example, [activities@mascna.org](mailto:activities@mascna.org)). The cost associated with changing the domain name will be \$45.66 (this is \$7.61/month including tax to host old domain for 6 months to have 301 redirect to new domain).

**Motion Made by:** Sabina P, MASC Website Committee Chair

**Motion Seconded by:** Felicia S, MASC Website Committee Vice Chair

**Intent:** Follow modern best practices and align with other NA websites (e.g., na.org, nycna.org).
